

Catholic Scripture Study (CSS) is a weekly Bible study held for nine months of the year. It has the teachings of the Catholic Church as its foundation and is open to all people who have an interest in Scripture and the Catholic Church. CSS is a five year process of study covering the Gospel of Luke and the Acts of the Apostles, The Pentateuch, the Gospel of and the Letters of John, the Prophets and Revelation and Wisdom Literature and the New Testament Letters. Each meeting consists of distribution of a home study lesson with readings and questions, discussion of the lesson received the previous week and a presentation on that lesson by a teaching leader.
